

# Toward a framework for legitimate business use of government records...

## The Current Model: The Open Records Act

<p><b>PUBLIC ACCESS MEDIA ACCESS</b></p> <p>Inspection and copying at cost of all records subject to disclosure.</p> <p>Paper, tape and online access.</p> <p>Funding: Existing resources.</p>	<p><b>COMMERCIAL USE</b></p> <p>Direct contact for profit-making purposes prohibited.</p>
--	---

## The Proposed Framework: A New Category in the Open Records Act

<p><b>PUBLIC ACCESS MEDIA ACCESS</b></p> <p>Inspection and copying at cost of all records subject to disclosure.</p> <p><b>NO CHANGE</b></p> <p>Paper, tape and online access.</p> <p><b>NO CHANGE</b></p> <p>Dedicated Funding: Proceeds from Enhanced Electronic Access.</p>	<p><b>LEGITIMATE BUSINESS USE</b></p> <p>Authorized by Legislature.</p> <p>Furthers a public mission, used to meet regulatory requirements, run business in a safe and legal manner.</p> <p>Safeguards on personally identifiable information.</p> <p>Delivered through enhanced electronic access.</p> <p>Cost recovery dedicated to system refurbishment and public access.</p>	<p><b>COMMERCIAL USE</b></p> <p>Direct contact for profit-making purposes prohibited.</p> <p><b>NO CHANGE</b></p>
